

Advisory Committee

Shri Anand Mohan, Director (Technical / R&D & T, BD), CMPDIL, Ranchi
 Prof. Arvind Rajendran, University of Alberta, Canada
 Prof. Bishnupada Mandal, IIT Guwahati
 Shri Dinesh Kumar Gangwal, Chief O&M Services, MPL, Dhanbad
 Prof. Goutam Deo, IIT Kanpur
 Prof. Kishalay Mitra, IIT Hyderabad
 Dr. (Mrs.) Malti Goel, President, Climate Change Research Institute, Delhi
 Dr. Pinaki Sarkar, Senior Scientist, CSIR-CIMFR, Dhanbad
 Dr. Pratik Swarup Dash, Chief, Sustainability Research Group, R&D, Tata Steel, Jamshedpur
 Prof. Preeti Aghalayam, IIT Madras
 Prof. Rajender Gupta, University of Alberta, Canada
 Prof. Sankar Bhattacharya, Monash University, Australia
 Prof. Sarma V. Pisupati, The Pennsylvania State University, USA
 Prof. Srinivasakannan Chandrasekar, Khalifa University, Abu Dhabi, UAE
 Prof. Suddhasatwa Basu, IIT Delhi
 Prof. Vikram Vishal, IIT Bombay
 Dr. Vinay Amte, Reliance Industries Limited

Core Committee

Prof. Aritra Santra
 Prof. Bidhan Chandra
 Prof. Ejaz Ahmad
 Prof. Khantesh Agrawal
 Prof. Krishna Sandilya Durbha
 Prof. Mahendra N Nandanwar
 Prof. Pantula D Priyanka
 Prof. Sandip Mandal
 Prof. Siddhartha Sengupta
 Prof. Soubhik Kumar Bhaumik
 Prof. Soumyajit Sen Gupta
 Prof. Sourav Sengupta
 Prof. Suman Dutta
 Prof. Suresh Kumar Yatirajula
 Dr. Tapas Kumar Mondal

Chief Patron

Prof. Prem Vrat, Chairman, IIT(ISM) Dhanbad

Patron

Prof. Sukumar Mishra, Director, IIT(ISM) Dhanbad

Co-Patron

Prof. Sarat Kumar Das, Dy. Director, IIT(ISM) Dhanbad

Chairman:

Prof. Aditya Kumar, Head, Chemical Engineering

Organizing Committee

Convener:

Prof. Paidinaidu Paluri

Co-Convener:

Prof. Arunkumar Samanta

Prof. Lutukurthi D N V V Konda

Department of Chemical Engineering
 Indian Institute of Technology (ISM) Dhanbad-826004, Jharkhand, INDIA

Two-day National Conference on Net-zero Emission Technologies for Sustainable Development: Challenges and Opportunities (NOET-2027)

January 29-30, 2027
 IIT(ISM) Dhanbad

Organized by :
 Department of Chemical Engineering
 Indian Institute of Technology (Indian School of Mines), Dhanbad
 Pin-826 004, Jharkhand (INDIA)

About the Conference

Net-zero emissions refer to balancing anthropogenic greenhouse gas (GHG) emissions with their removal from the atmosphere. Achieving this balance is essential for sustainable development and limiting global warming. The transition to a net-zero future requires transformative technologies that decarbonize energy, industrial, and transportation systems while minimizing carbon dioxide (CO₂) emissions. Emerging technologies such as carbon capture, utilization, and storage (CCUS), direct air capture (DAC), green hydrogen, renewable energy, bioenergy, advanced energy storage, separation processes, and artificial intelligence for energy optimization are expected to play a crucial role in this transition. However, significant technical, economic, and policy challenges remain, necessitating interdisciplinary research and strong collaboration among academia, industry, and government. The Two-Day National Conference on Net-Zero Emission Technologies for Sustainable Development: Challenges and Opportunities (NOET-2027) provides a platform for researchers, academicians, industry professionals, policymakers, and students to exchange ideas, present cutting-edge research, and explore innovative solutions for a low-carbon future. The conference aims to promote scientific collaboration and technological advancements that support India's Net-zero 2070 commitment and contribute to achieving the Paris Agreement goal of limiting the global temperature rise to 1.5 °C.

Major Themes

- Clean Energy Innovation
- Carbon Capture, Utilization & Storage (CCUS)
- Green Hydrogen
- Renewable Energy
- Energy Storage Systems
- Materials Science & Nanotechnology
- Electro, Chemical, Bio & Photo-catalysis
- Circular Economy
- Other Relevant Areas

About IIT (ISM) Dhanbad

The Indian Institute of Technology (Indian School of Mines), Dhanbad spans a sprawling campus area of 393 acres and is located in the heart of India's prime coking coal belt, approximately 260 km away from Kolkata city. IIT (ISM) Dhanbad boasts all the facilities of a world-class academic institution and operates as a fully residential campus. Established on December 9, 1926, by Lord Irwin, the then Viceroy of India, the Indian School of Mines was founded to address the pressing need for trained manpower in mining-related fields, with a focus on disciplines such as Mining and Applied Geology. In 1967, it was accorded the status of a deemed university under Section 3 of the UGC Act, 1956. Over the last 100 years, ISM has expanded

significantly, incorporating essential core engineering disciplines and garnering a reputation as a full-fledged institute of global repute, offering higher education in engineering, science, and management. The Indian School of Mines has been conferred the status of Indian Institute of Technology (IIT) on September 06, 2016, the Government of India elevated the institution to the status of an Indian Institute of Technology (IIT) and renamed it the Indian Institute of Technology (Indian School of Mines), Dhanbad. Since its inception, the institute has experienced substantial growth in its activities, and it now stands as a comprehensive technology education institute. IIT (ISM) offers a wide array of programs, including B. Tech. (4 Years) courses in 12 major engineering disciplines; Integrated M. Tech. (5 Years) programs; Master of Technology; Master of Science; Master of Science and Technology; Master of Business Administration; and Ph.D. programs.

About the Department

Since its inception in 2010, the department aimed to instill in all the students the essential skills of critical thinking, and creative problem-solving for their success in the practice of chemical engineering. The department offers academic and research programs leading to B.Tech, M.Tech, and PhD degrees. Many of the graduated students are placed in reputed national and multinational organizations such as IOCL, BPCL, ONGC, GAIL, Reliance Industries Ltd, L&T, Vedanta, Haldia Petrochemicals Ltd, and Aditya Birla. A substantial number of the students are also engaged in higher studies and research in reputed institutes in India and abroad. The department has been actively involved in different collaborative and multidisciplinary research projects sponsored by CIL, DST, DST FIST, ANRF, SAIL, TATA Steel, NJB, TEXMIN, etc., thereby maintaining and modernizing its research infrastructure. The department strongly emphasizes developing and maintaining strong collaborative and cooperative links with private and public sector industries, R&D houses, government user departments as well as premier academic and research institutions within the country and abroad for the advancement of knowledge and the benefit of society.

Programmes

- Keynote Talks
- Invited Talks
- Oral / Poster Presentations

Call for Abstract

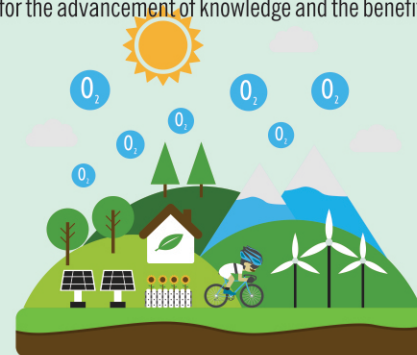

The conference invites abstracts from faculty members, students, scientists, researchers, and industry professionals. The abstract should be limited within to 200-250 words. The abstract should report original research on any of the topics in the highlighted major themes/relevant areas, but not limited to the major themes.

Official Email ID for all correspondence and submission of registration: nOet@iitism.ac.in

For detailed guidelines on the abstract submission, please visit the following link:

<https://noet-2027.vercel.app/>

All the submitted abstracts would be subject to peer review.

Registration Fees

Participant	Regular
Industrial Personnel	₹ 12,000
Faculty Member and Scientist	₹ 8,000
Student and Research Scholars	₹ 3,000
Others	₹ 8,000

For further details on registration and payment, please visit the following link
<https://noet-2027.vercel.app/>

Important Dates

Commencement of Abstract Submission	5 September 2026
Abstract Submission Deadline	27 November 2026
Acceptance of Abstract	7 December 2026
Submission Deadline of Full-length Manuscript	4 January 2027
Commencement of Registration	8 December 2026
Online Registration Deadline	20 January 2027
Conference	29 - 30 January 2027

Sponsorship

We extend a warm welcome to industries and institutions interested in sponsoring this conference. Sponsorship will primarily contribute to supporting students, scientists/researchers, and invited participants' attendance at the event. For all sponsors, the benefits include:

- A dedicated space for displaying advertisements and equipment during the conference.
- Inclusion of sponsor names in the conference programme.

Platinum Sponsorship	Gold Sponsorship	Silver Sponsorship
₹ 5,00,000/- + 18% GST (including 5 delegates free)	₹ 3,00,000/- + 18% GST (including 3 delegates free)	₹ 2,00,000/- + 18% GST (including 2 delegates free)

For sponsorship rates, please visit at this link:
